

MUSIC AND WORSHIP MINISTRIES

FLORIDA BAPTIST CONVENTION

FLORIDA WORSHIP CHOIR & ORCHESTRA

The Florida Worship Choir & Orchestra is a unique team of nearly 500 singers and musicians who come together four (4) to five (5) times a year to perform worship concerts in churches across Florida. These singers and musicians receive inspiration, instruction, and encouragement that stretches their knowledge, skill, and mindset as a leader with the intent of extending worship into their culture and community. Those who attend the worship concerts are encouraged and inspired by singing psalms, hymns, and spiritual songs that express our love to God, as well as love to all people. These worship events will inspire Godly living and Godly going. In other words – WORSHIPING SENT!

WORSHIP CHOIR WORKSHOPS

This one-night training event will be held in eight (8) different locations, and will be led by eight (8) different music & worship ministers. Those attending will learn three (3) new octavos, experience quality vocal and technical training as a choir member, great fellowship, and the evening will end with a meaningful time of worship.

WORSHIP PROJECT TRAINING

This three (3) hour training event is geared toward smaller church pastors and worship leaders. We will provide hands-on training utilizing the LifeWay Worship Project. This project features a digital hymnal with nearly 2000 songs and a worship planning tool all available through an online portal at LifeWayWorship.com. Training will concentrate on the digital features that will allow a pastor, worship leader, or musician to plan thematic worship utilizing a web-portal to access nearly 2000 hymns and worship songs for the purpose of connecting with God in worship and the community through missional living.

CHILDREN'S CHOIR LEADER SUMMIT

This is a one-day event allowing a total of four (4) hours of training time that will enable children's choir leaders and potential leaders to be more effective in their work with children. Resources will be demonstrated and methods of teaching, promoting, and developing children into life-long worshipers will be taught. The outcome will be to discover what pleases God in worship, and how lifestyle worship can impact the world around us.
