

Coaching 101

More and more people are discovering coaching as a key strategy for developing leaders. God has given every believer a role to play in the advancement of His Kingdom. Success for the believer is discovering what their part is and wholeheartedly pursuing it.

So what is your plan? As a ministry leader, how will you help others to discover and do what God has called them to do?

The writer of Hebrews gave us a very important clue when he said,

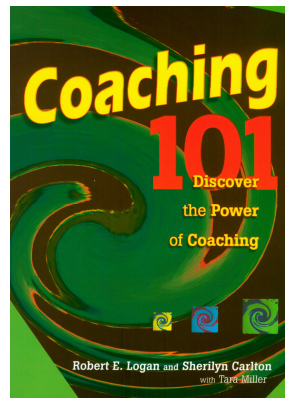

“Think of ways to encourage one another to outbursts of love and good deeds.”

Hebrews 10:23-24 (NLT)

In this brief sentence we see the heart of coaching. Coaches come alongside others to encourage and challenge them to accomplish great things for God.

“Coaching is the process of coming alongside a person or team and helping them discover God’s agenda for their life and ministry, and cooperating with the Holy Spirit to see that agenda become a reality.”

-Bob Logan
