LEADERSHIP ENCOUNTER with JESUS

The **Leadership Encounter with Jesus** Workshop affords participants an interactive 2-day experience designed to introduce them to “**Lead Like Jesus**” and begin the exciting process of becoming a servant leader. Leaders will find new fulfillment and effectiveness in creating long-term value and positive change in both their professional and personal relationships. People of faith and anyone else searching for a relevant and effective model for their own day-to-day leadership will be challenged as never before to look at Jesus in a new and life-changing way. You will learn about the barriers to effective leadership and the power of the heart, head, hands and habits of Leading Like Jesus.

What does Lead Like Jesus mean?

It doesn't mean the bottom line, or looking good to Wall Street, or being praised by your peers. It's not about getting the credit, or the promotions, or the raises. It's about working with those you lead to get results in a way that honors God.

It's about People, Service and Results. It's a new way of leading based on the teachings of Jesus, the greatest leader of all time. He gave his followers a vision of something greater than themselves. He consistently reminded them of the long-term effects of their work. He allowed those around him to fail, but held them accountable. He redirected them. He forgave them, and he inspired the best in others. And the result? He started a movement that continues to thrive more than 2000 years later.

“After studying both the theory and practice of leadership for more than 35 years, I have found that Jesus is the greatest leadership model of all time.”

Co-Author, *The One Minute Manager*

He took twelve ordinary men and poured His life into them 24-7-365 for three years. And in that brief time they had to be trained and transformed to assume leadership of the most important movement in the history of mankind. This Master Leader remains the most effective leadership model of all time. His name is JESUS.
